

# GUARD "IT"

## COMPUTER TERMINAL ENCLOSURES

*Cabinet Model PCT*

**The Protection  
of Expensive "IT"  
Equipment from  
Industrial and  
Environmental  
Contamination  
is of Paramount  
Importance...**

*Cabinet Model PCB  
with safety glazed window.*

...To alleviate the worries of this very real problem - we at Pinder Versatool have designed and produced a range of specialist computer and terminal enclosures to suit the most demanding of situations. Once installed, your essential hardware and irreplaceable software is given total protection from the surrounding shopfloor or workshop environment - however hostile it may be, it is also securely sealed against theft, tampering and rough handling.

These smart but functional enclosures offer an affordable solution in a range of styles and paint finishes that will enhance any workplace.

- Cabinets are dust and splash sealed to IP54 & IP65 standard.
- Fully welded construction in 1.5mm thick steel.
- Safety glazed hinged-lockable door to monitor area, for added security.
- Retractable mouse mat tray fitted as standard (left or right handed).
- Cabinets furnished with internal electrical sockets plus external power cable and plug.
- All units are available as bench or wall mounted, and can also be supplied with base cabinets or stands.
- Customer specification and special sizes can be designed and manufactured to order.
- Air flow kit fitted as standard.
- Manufactured in **stainless steel** for the pharmaceutical and food industries.

PC TERMINAL ENCLOSURES  
FOR INDUSTRIAL ENVIRONMENTS

## Dimensions & Specifications (Note: all computer enclosures include a standard airflow kit)

### Cabinet Model PCMK

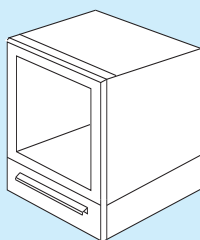

| Model | Length | Depth | Height |
|-------|--------|-------|--------|
| PCM-1 | 560mm  | 560mm | 520mm  |
| PCM-2 | 560mm  | 560mm | 660mm  |

### PCMK Monitor & Keyboard Enclosure

| Model | Length | Depth | Height |
|-------|--------|-------|--------|
| PCMK  | 560mm  | 560mm | 715mm  |

### Cabinet Model PCD

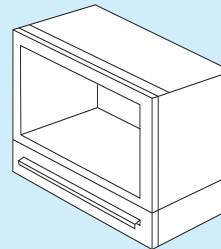

| Model | Length | Depth | Height |
|-------|--------|-------|--------|
| PCD-1 | 560mm  | 560mm | 900mm  |

### PCD-2 Monitor & Keyboard Enclosure with Separate Processor Housing

| Model | Length | Depth | Height |
|-------|--------|-------|--------|
| PCD-2 | 560mm  | 560mm | 955mm  |

### Cabinet Model PCT

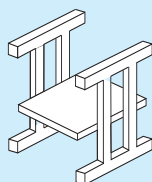

| Model | Length | Depth | Height |
|-------|--------|-------|--------|
| PCT   | 720mm  | 560mm | 715mm  |

### PCTT Tall (620h) tower processor Monitor & Keyboard Enclosure

| Model | Length | Depth | Height |
|-------|--------|-------|--------|
| PCTT  | 820mm  | 560mm | 715mm  |

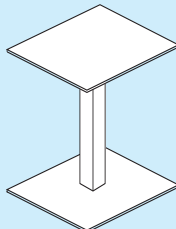

### Cabinet Model PCS

#### PCS Base Stand & Shelf

| Model  | Length | Depth | Height |
|--------|--------|-------|--------|
| PCS 01 | 560mm  | 560mm | 715mm  |
| PCS 02 | 560mm  | 560mm | 900mm  |
| PCS 03 | 720mm  | 560mm | 715mm  |
| PCS 04 | 720mm  | 560mm | 900mm  |

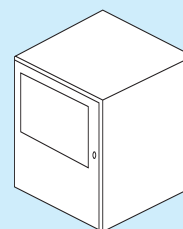

### Cabinet Model PCP

#### PCP Base Pedestal

| Model | Height |
|-------|--------|
| PCP-1 | 715mm  |
| PCP-2 | 915mm  |

### Cabinet Model PCB

#### PCB Base Cabinet & Sliding Shelf

| Model  | Length | Depth | Height |
|--------|--------|-------|--------|
| PCB 01 | 560mm  | 560mm | 715mm  |
| PCB 02 | 560mm  | 560mm | 900mm  |
| PCB 03 | 720mm  | 560mm | 715mm  |
| PCB 04 | 720mm  | 560mm | 900mm  |

Stand Model PCS.

### SPECIALISED SERVICES FROM PINDER-VERSATOOL

Pinder-Versatool are one of the UK's highest quality precision sheet metal engineers, designing and manufacturing Control Cabinets, Consoles, Enclosures and Machinery Guarding Systems.

With over 50 years experience in this field and using the latest CNC Punching and Press Brake machines, together with a CAD/CAM draughting system, we can manufacture both standard and most important, non-standard products, not generally available. Material specification in high quality CR4 steel sheet or Zintec, range from 1.5mm to 3.0mm thickness. We also manufacture in brushed finish stainless steel to grade 304.
